- APR 17-18 • GRAD ASSESSMENTS (ALTERNATIVE SCHEDULE)
- APR 23 • COLLABORATION DAY (ALTERNATIVE SCHEDULE)

PERSONALISED LEARNING TIME (PLT)

The goal of PLT is to teach students the skills necessary to use unstructured time in a way that benefits their individual learning.

This is a student-only system – we encourage parents to have conversations with their student(s) about how they are using their Personal Learning Time.

PLT is a great time to get ahead, get caught up on work, get learning support in different ways and to pursue passions that are offered. Students that arrive at MacNeill during PLT are expected to go to a learning space (classroom) to work on what they had planned. Even unplanned learning can be beneficial for young people to develop the skills that are necessary. This time is a great gift if used in a

POWERFUL way. #ravenpower #personallearningtime

Strategies for Making Time to Learn

STUDENT LEARNING SURVEY 2024

The Provincial Student Learning Survey is unique in its scope, size and usefulness to schools. It gathers information from parents/caregivers, teachers, and students on topics related to school environment, safety, and achievement. The information is used for planning in individual schools and provides a district and provincial perspective.

We encourage parents/caregivers to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus improvement.

The survey can be completed electronically and can be accessed on the Internet at http://www.bced.gov.bc.ca/sat_survey. Any computer with an Internet connection can be used, and access to the e-survey is simple and secure.

The e-survey site will be open until May 3rd. If you have any questions, please contact the school at MacNeill@sd38.bc.ca
