We wanted to inform everyone that starting on Monday May 26,2025 we will have our SD38 Maintenance team power washing our school in preparation for our building to be painted this summer. Please be mindful of their work trucks, cones and signs that might guide traffic from routes that you may be familiar with.

Please be reminded that the student drop off and pick up area is on the south side of the school property behind the gym area only.

No one should be stopping in any other area, especially near the front of the school.

We thank you in advance to following these expectations to keep traffic flowing and most importantly our students and staff safe. If you have questions or concerns aboutt his please connect with the office team at the school.
