

To the Parent/Guardian of _____

PUPIL #: _____ **DATE OF BIRTH:** _____ **GR:** _____

Your son/daughter is requesting a non-credit study block in their schedule. Here is some information on study blocks:

- Study blocks are available only to grade 12 students as we acknowledge that grade 12 is a very important and often rigorous academic year.
- A study block is unsupervised time where students are expected to work on their course work either in the school in the Lounge or the library, OR students may choose to study off school grounds (i.e. at home).
- Students need to be independent and responsible about the use of this time.

In consultation with the school counsellor, your son/daughter:

___ IS on track to graduate with a study block in their schedule.

___ Will NOT be able to graduate with a study block in their schedule.
